FOR IMMEDIATE RELEASE

May 31, 2007

**PA STATE NURSES ASSOCIATION AND GRADUATE EDUCATION FOUNDATION ANNOUNCE
 CE LECTURES ONLINE CONTINUING EDUCATION SERIES**

Collingswood, NJ / (May 2007) -- Graduate Education Foundation (GEF), a non-profit organization dedicated to improving professional health care education and patient outcomes, today announced an affiliation arrangement with the PA State Nurses Association (PSNA) to provide nursing professionals with a unique series of on-line seminars. Graduate Education Foundation is an approved provider of continuing nursing education by the Alabama State Nurses Association (ASNA), an accredited approver by American Nurses' Credentialing Center's Commission on Accreditation. Graduate Education Foundation is also an approved provider by the Florida Board of Nursing.

CE Lectures Online provides nurses with an on-demand lecture series that, for the first time, brings to the health care professional's computer the quality, content, and educational benefit previously experienced only in the traditional grand-rounds hospital environment. Developed by clinical and academic educators for health care professionals, www.CEUlectures.org consists of more than 125 multi-media presentations covering the full spectrum of clinical care. All lectures are original, evidence-based, timely, and relevant to the delivery of day-to-day patient care. They are reviewed routinely and updated as changes in clinical practice warrant.

For a modest monthly fee (less than the cost of many journal subscriptions), nurses can easily enroll and have instant and unlimited access to world-class authorities on patient care. Unlike many other CE programs, the GEF series accepts no commercial support from pharmaceutical companies or medical device manufacturers. This important policy preserves the integrity of the content and the objectivity of the distinguished faculty.

For additional information, visit www.CEUlectures.org/PSNA, or call Graduate Education Foundation at 877-263-5400. To contact PSNA, call 888-707-7762.
